## CHAIRPERSON'S FOREWORD

On behalf of the Council and the Secretariat, I am pleased to introduce our 2024 Annual Report.

During 2024, the Council continued to meet regularly at Newington House, Silverwater Correctional Complex, as well as regular in person visits by Assessment Committees across the various metropolitan and regional Correctional Centres.

The Report details the significant and ongoing workload of the Council and the Secretariat in preparing inmates for eventual release into the community. Our primary objective is to be able to say that a serious offender's release to parole is sufficient for the protection of the public. The opportunity to conduct face-to-face interviews with serious offenders critically allows us to make an informed decision about their prospects of a successful reintegration and the protection of the public.

As mentioned in previous reports, the participation by serious offenders in external leave programs remains a critical focus of the Council as a transition pathway to release into the community on parole. The primary purpose of offenders participating in external leave programs is public protective in nature, in order to reduce the risk of reoffending by their successful reintegration through a staged transition. Although not all serious offenders require such a transition, external leave allows for a regulated opportunity to test them before their release into the community.

At times concerns are raised about the progression of an inmate to external leave programs, or our recommendation that release to parole is appropriate. We understand those concerns, however given our obligations under the statutory framework, we are required to proceed on the basis that unless an inmate is tested through external leave programs, and/or a period of supervision on parole, that they will be released at the end of their sentence without being tested or supervised in the community, which is against the best interests of the protection of the public.

All members of the Council continued to work professionally, independently but collaboratively, and I wish to acknowledge their dedication to the large workload each must bear. Each member brings their own diverse range of skills and human experiences, that makes for a very balanced Council.

# Serious Offenders Review Council

Annual Report for the year ended December 2024

I wish particularly to acknowledge the very professional and dedicated service of the staff of the Secretariat. Given their very onerous workloads, I greatly appreciate how they continue to provide a high quality, timely, effective and efficient service and always with a cheerful disposition. I particularly wish to acknowledge the very capable leadership of Alyson McDade, the Executive Officer and Registrar, and the valuable assistance she provides me and the other Council Members.

The Council continues to appreciate, respect and maintain its independent statutory charter. In my experience, it consequently receives due respect. On behalf of the Council I again wish to record the members' appreciation and honour in being given the opportunity to serve the people of NSW.

## OVERVIEW

### About this Report

Under section 209 of the *Crimes (Administration of Sentences) Act 1999* the Council is required to submit an Annual Report to the Minister for Corrections for presentation to Parliament providing information as to the Council's activities during the relevant year. This report covers the period 1 January 2024 to 31 December 2024.

### About Serious Offenders

This expression is defined in the legislation, and is set out in Schedule One to this report, together with information pertaining to the nature of the Serious Offender population and their offences. However, in general terms, a Serious Offender can be defined as an inmate serving a sentence of Life imprisonment, as having been convicted of murder, or who has been sentenced to a term of at least 12 years before becoming eligible to be released on parole. As at 31 December 2024, there were 897 Serious Offenders in custody representing approximately 12.3% of the sentenced inmate population (6.9% of the total inmate population) at that time. Included in the total of 897 are 46 female Serious Offenders.

### About the Council

The Council is constituted by the *Crimes (Administration of Sentences) Act 1999*. The Council has been in existence since 14 January 1994, initially constituted by the *Prisons (Amendment) Act 1993*.

The Council comprises the following categories of members:

#### Judicial

These members are appointed by the Governor of NSW. Sitting or retired judges of a NSW Court, or the Federal Court, and magistrates, or persons qualified to be appointed as a judge of a NSW Court are eligible.

#### Community

These members are appointed by the Governor of NSW as being persons who reflect as closely as possible the composition of the community at large.

#### Official

These members are appointed by the Commissioner of Corrective Services and are officers of Corrective Services New South Wales.

## PRINCIPAL FUNCTIONS OF THE COUNCIL

- a. to provide advice and make recommendations to the Commissioner of Corrective Services with respect to the following:
  - i. the security classification of Serious Offenders,
  - ii. the placement of Serious Offenders,
  - iii. the case plans, including program pathways, of Serious Offenders
  - iv. the designation of inmates as High Security, Extreme High Security, Extreme High Risk Restricted and National Security Interest (including the revocation or variation of any such designation), and
  - v. the management of High Security, Extreme High Security, Extreme High Risk Restricted inmates and National Security Interest (including the periodic review of security classification, placement and case plans), and
- b. to perform such other functions as may be prescribed by the regulations in relation to the management of Serious Offenders and other inmates,
- c. to provide reports and advice to the State Parole Authority concerning consideration for the release on parole of Serious Offenders,
- d. to prepare and submit Reports to the Supreme Court of NSW with respect to applications under Schedule 1 to the *Crimes (Sentencing Procedure) Act 1999*,
- e. to review segregated and protective custody directions on application made by a relevant inmate to the Council,
- f. to provide Reports and Advice to the Minister and to such other persons or bodies as may be prescribed by the regulations.

## PRINCIPAL ACTIVITIES OF THE COUNCIL

- i. Convening fortnightly meetings in relation to Serious Offenders: see Section 1 hereof.
- ii. Convening monthly meetings in relation to public interest inmates and the review of escapes: see Sections 4 and 5 hereof.
- iii. Convening bi-monthly meetings in relation to High Security inmates: see Section 3 hereof.
- iv. Conducting regular review hearings for inmates appealing segregation or protective custody directions: see Section 6 hereof.
- v. Conducting interviews with Serious Offenders eligible for progression in security classification: see Section 2 hereof.

- vii. Providing reports to the Commonwealth Attorney General in respect of Serious Offenders serving federal sentences: see Section 8 hereof.
- viii. Providing Reports to the Supreme Court of NSW in respect of Serious Offenders seeking that the Court re-determine their Life sentence: see Section 9 hereof.

However, merely to state these statutory functions of the Council does not convey a complete picture of the Council's activities. For example, the Council's secretariat on a daily basis deals with an extremely wide range of written and telephone enquiries from correctional centres, programs staff, CSNSW senior management, Corrections Intelligence Group, the legal profession and inmates and their families.

There is regular contact with the Courts because of the statutory requirement that Council must have regard to the remarks of the sentencing Judge (and therefore the necessity of obtaining a copy of those remarks in each case), and the need to keep itself apprised of the results of relevant appeals to the Court of Criminal Appeal.

The Council is in frequent contact with Justice Health seeking advice and medical reports, and, from time to time, with the Mental Health Review Tribunal as a result of the shared responsibility in respect of Serious Offenders who are also forensic patients under the Mental Health legislation.

## DURING 2024

- i. As at 31 December 2024 there were 897 Serious Offenders representing 12.3% of sentenced inmate population (6.9% of the total inmate population).
- ii. The Council held 29 meetings during 2024 and made a total of 1579 recommendations to the Commissioner in respect of Serious Offenders' security classifications and placements. The Commissioner (or his delegate) approved 1510 of these recommendations with a further 17 approved with a variation. The Council made a further 984 recommendations to the Commissioner in respect of Serious Offenders' case plans.
- iii. There were 72 Serious Offenders released to parole in 2024, the subject of Parole Orders made by the State Parole Authority. In 2024 the Council provided 97 reports to the State Parole Authority containing advice in respect of Serious Offenders eligible to be considered by the Authority for release on parole.
- iv. There were six (6) Serious Offenders serving a Federal Sentence released to parole in 2024, the subject of Parole Orders made by the Commonwealth Attorney General. The Council provided 16 reports to the Commonwealth Attorney General on the custodial history of the serious offenders being considered for release on parole in that year.
- v. At 31 December 2024 there were a total of 149 Inmates with a high security designation. There were 9 inmates designated Extreme High Risk Restricted, 26 Inmates designated National Security Interest, 73 Inmates designated Extreme High Security and 21 Inmates designated High Security. There were a further 19 designated both Extreme High Security and National Security Interest and one (1) designated both High Security and National Security Interest. There is also one inmate with Extreme High Security Escort Protocols only.

The Council held five (5) meetings (plus four (4) extraordinary meetings) reviewing the status of Extreme High Risk Restricted, Extreme High Security, High Security and National Security Interest designated inmates and as a result made 192 recommendations to the Commissioner on Inmates' security designations. The Commissioner (or his delegate) approved 183 of these recommendations. A further 143 recommendations were made on Inmates' security classifications, placements and case plans.

- vi. Assessment Committees constituted by members of the Council spent a total of 35 days at correctional centres or via audio-visual link carrying out 367 interviews with Serious Offenders.

# Serious Offenders Review Council

Annual Report for the year ended December 2024

- vii. There were 211 applications from Public Interest inmates (out of a total of 250 applications received) the subject of recommendations by Council to be approved to participate in unescorted external pre-release leave programs. The Commissioner (or delegate) approved 178 of these recommendations. There were a further 19 applications where the Commissioner (or delegate) approved the Council's recommendation with a variation.
- viii. There were five (5) inmates (out of a total of five (5) applications received) the subject of recommendations by Council to have their escape-risk classification removed. The Commissioner (or delegate) approved all five (5) recommendations.
- ix. There were 72 applications received from Inmates seeking reviews of segregation or protective custody orders. Hearings were held in respect of three (3) of those applications, two (2) were confirmed by the Council and one (1) confirmed with a variation. Two (2) applications were withdrawn by the inmate and 24 directions revoked by the Governor of the correctional centre prior to the hearing. Forty-three (43) applications did not proceed for other reasons.
- x. The Council did not receive any requests from the Supreme Court of NSW for a report in respect of a Serious Offender applying to the Court to re-determine their Life sentence.

## Section 1: MEETINGS OF THE COUNCIL

- 1.1 The Council conducts regular meetings in the Conference Room at the historic Newington House, Silverwater. During 2024, the Council met on 29 occasions (including five extraordinary meetings) in respect of Serious Offenders, and made 1063 recommendations to the Commissioner as to their classification and/or placement, of which the Commissioner (or delegate) approved 994 recommendations with a further 17 recommendations approved with a variation. The Council made 516 “stay as is” recommendations, all these recommendations were approved. There were a further 984 recommendations in relation to case plans.
- 1.2 Meetings of the Council are held at such times as are fixed by the Chair and the procedure at such meetings is also determined by the Chair. A quorum of the Council is comprised of a judicial member, a community member and an official member. Generally speaking up to six members of the Council are present at meetings in respect of serious offenders.
- 1.3 However, the Chair may direct that any particular meeting of the Council is to be constituted by a meeting of a division of the Council consisting of a judicial member, a community member and an official member, and may delegate to such division any of the functions of the Council.
- 1.4 In order to comprehend the importance of the Council’s core functions it is necessary to have some understanding of the significance of the security classification system. This allows the Serious Offender, in a proper case, to progress from a high level classification at the commencement of the sentence which may require his/her incarceration in a maximum security correctional centre for as long as he/she is so classified, to the lowest level classification towards the expiry of the non-parole period of the sentence, which classification permits him/her to be held in a minimum security correctional centre. This progression, SORC ensures, is on a basis particular to each individual inmate.
- 1.5 It is very much in the community’s interest that as many Serious Offenders as may properly do so progress to the lowest level of classification because it is only by so doing that the inmate becomes eligible to participate in unescorted pre-release leave programs. The purpose of such programs is to prepare the inmate for re-entry to normal life in the community following a lengthy period of incarceration.

The inmate is also tested by this exposure to life in the community in the company of approved sponsors, thereby providing an additional opportunity to assess the inmate’s likely response when released from prison. An additional benefit which flows from an inmate successfully taking part in such programs is that by doing so the prospects of being released on parole, under the supervision of Community Corrections, are enhanced.

- 1.6 Thus classification determines, to a large extent, placement in a particular centre, which in turn may determine what developmental programs are available to the inmate (e.g., sex offender programs, violence prevention programs, alcohol or other drugs counselling, education,). The Council provides the Commissioner with written advice as to the most suitable classification of the Serious Offender throughout the entire period of the sentence. In so doing, the Council has regard to the accumulated information gathered by the Council as to the inmate's progress.
- 1.7 Each time the Council exercises its statutory functions, it is required to consider the public interest, and in so doing to take into account at least 14 specified subject-matters of which the protection of the public is to be regarded as paramount. The other matters which must be taken into account cover disparate topics including: the nature and circumstances of the offence, the inmate's conduct during his current sentence, and, if applicable, during any previous sentence, the need to maintain public confidence in the administration of criminal justice, and the rehabilitation of the inmate and their eventual re-entry into the community as a law-abiding citizen (see Section 198(3) of the Act).
- 1.8 From its inception, the Council acknowledged that although not bound by Departmental policies, it would nevertheless generally be guided by them, departing from them only when it considered the particular circumstances justified such a course of action. Thus, for example, when making recommendations in respect of Serious Offenders considered eligible to undertake unescorted pre-release leave programs, the Council has regard to the time-frame adopted by the Department which requires such an inmate to be within a specified proximity to the expiry of the non-parole period of the inmate's sentence.

## Section 2: ASSESSMENT COMMITTEES

- 2.1 Assessment Committees, made up of Council members, visit those correctional centres throughout New South Wales which house serious offenders. A number of interviews with inmates housed in regional centres are carried out via audio-video link. Selected inmates are interviewed individually. Generally speaking, these inmates are interviewed due to the fact that they are within eight years or less of their earliest possible release date and are eligible for a reduction in security classification. At these visits the Committees also meet with relevant correctional centre managers, including the Governor, concerning the progress of those serious offenders.
- 2.2 The interview notes and proposals of the Assessment Committees are tabled at subsequent meetings of the Council and, together with other material on the inmate's file, provide the basis for the recommendations made by the Council to the Commissioner concerning the inmate's ongoing classification, placement and program participation. This may determine what developmental programs will be available to the inmate, and whether the inmate will progress, eventually, to a classification and placement which will allow for participation in unescorted pre-release leave programs. This participation may enhance the inmate's prospects, on the expiry of the non-parole period, of obtaining release on parole under supervision by Community Corrections.
- 2.4 These exercises carried out by the Council's Assessment Committees represent a significant proportion of the Council's overall activities, requiring, as they do, considerable input from the Council's secretarial staff, as well as from the members. In addition, there is the time and effort contributed by the correctional centre staff, without which such exercises would not be possible. During 2024, Assessment Committees spent a total of 35 days carrying out 367 interviews with Serious Offenders.

## Section 3: HIGH SECURITY INMATE MANAGEMENT COMMITTEE

- 3.1 Bi-monthly, members of the Council meet for the purpose of constituting the High Security Inmate Management Committee (HSIMC). This Committee convened for the first time in January 1998. The function of this Committee is to advise the Commissioner whether certain inmates (not confined to “Serious Offenders” or sentenced inmates) should be designated as Extreme High Risk Restricted, Extreme High Security, High Security or National Security Interest. At its meetings the Committee is assisted by a number of senior officers of Corrective Services NSW who, although having no vote, nevertheless tender reports and provide advice to the HSIMC and are present during the conduct of the HSIMC meetings. These personnel include Regional Directors, Governors, Corrections Intelligence Managers, Senior Psychologists and others.
- 3.2 The HSIMC, in its deliberations on recommendations, places significant weight on the advice of such personnel. If the HSIMC recommends that an inmate be designated either as Extreme High Risk Restricted, Extreme High Security, High Security or National Security interest, the Commissioner may only act on such a recommendation if there is material on which he can decide that an inmate constitutes either a danger or an extreme danger to other people, or a threat or an extreme threat to good order and security.
- 3.3 At 31 December 2024 there were a total of 149 Inmates with a high security designation. There were 9 inmates designated Extreme High Risk Restricted, 26 Inmates designated National Security Interest, 73 Inmates designated Extreme High Security and 21 Inmates designated High Security. There were a further 19 designated both Extreme High Security and National Security Interest, one (1) designated both High Security and National Security Interest and one (1) inmate with Extreme High Security Escort Protocols only.
- 3.4 During 2024, the Council held five (5) scheduled and four (4) extraordinary HSIMC meetings and made 192 recommendations to the Commissioner on Inmates’ security designations. The Commissioner (or delegate) approved 183 of these recommendations. A further 143 recommendations were made on Inmates’ security classification, placement and case plans.
- 3.4 The main consequences of being designated an Extreme High Security inmate are that the inmate is moved to different cells on a regular basis, must wear distinctive clothing on days when the inmate is permitted visitors, and the latter themselves are subject to special security measures. Such an inmate is also subject to stringent security arrangements on escort.

- 3.5 The only practical consequence of being designated a High Security inmate is that additional security measures may be employed when such an inmate is on escort. In some Centres the inmate may be denied access to certain locations within the Centre by reason of his designation and as a result may be unable to participate in some programs conducted at those locations.
- 3.6 All security arrangements that apply to Extreme High Security inmates also apply to Extreme High Risk Restricted (EHRR) inmates along with controls and restrictions upon the number and type of visits, visitors, mail and money which may be received for the Inmate. EHRR sentenced inmates are also designated as Serious Offenders, under the jurisdiction of the Serious Offenders Review Council.
- 3.7 For inmates designated National Security Interest (NSI) there are controls and restrictions on the number and type of visits, visitors and mail. Security arrangements that apply to Extreme High Security inmates may also be applied.
- 3.8 Holding an Extreme High Risk Restricted, Extreme High Security or High Security designation impacts on an Inmate's security classification and placement.

## Section 4: THE PRE-RELEASE LEAVE COMMITTEE

- 4.1 It is the function of this Committee to review applications by so-called "public interest" inmates (other than Serious Offenders) for access to unescorted pre-release leave programs, such applications having been referred to the Council by the Commissioner of Corrective Services NSW, for consideration and recommendation. The expression "public interest inmate" is defined in the Classification & Placement Policy and Procedures Manual, Corrective Services New South Wales. Generally, the definition covers certain types of offences, and has regard to the length of the sentence imposed for the particular offence.
- 4.2 For the purpose of discharging this function, members of the Council convene monthly in order to constitute the Pre-Release Leave Committee to consider such applications. In order to qualify for consideration by the Committee, each such application must be supported in writing by relevant correctional centre managers, with the exception of unlawful non-citizens applying for unescorted pre-release leave programs.
- 4.3 During 2024 the Committee considered 250 applications for unescorted pre-release leave, and in respect of 211 of such applications recommended that pre-release leave be approved. The Commissioner (or delegate) approved 178 of these recommendations. A further 19 applications were approved by the Commissioner (or delegate) with a variation to the Council's recommendation.

## Section 5: THE ESCAPE REVIEW COMMITTEE

- 5.1 When required members of the Council meet for the purpose of constituting the Escape Review Committee. The function of this Committee is to deal with applications on behalf of inmates (non Serious Offenders) who have been classified as escapees within the meaning of the Regulation. The consequences of being so classified include confinement in correctional centres designated as being suitable to house inmates classified as escapees, possible limited access to certain developmental programs, and exclusion from pre-release leave programs. Applications from Serious Offenders who are classified as escapees are reviewed at the meetings for Serious Offenders (see Section 1).
- 5.2 Once an inmate has been classified in this way, he or she cannot be removed from that classification except on a recommendation to that effect from the Escape Review Committee to the Commissioner approved by the latter. In order for the Committee to so recommend, it must be satisfied on the material before it, that there are special circumstances for so doing.
- 5.3 Following a review by Corrective Services NSW on the definition of the “Escape” security classification rating in early 2024, the number of “Escape” classified offenders was significantly reduced.
- 5.4 During 2024 a total of five (5) applications were considered by the Committee, and in respect of all five (5) of those applications Council made a recommendation that their escape risk classification be removed. The Commissioner (or delegate) approved these recommendations.

## Section 6: SEGREGATION/PROTECTIVE CUSTODY REVIEW HEARINGS

- 6.1 Inmates held in restricted placement are so held either as a result of a direction that they be held in segregation, or a direction that they be held in protective custody. In the case of segregation this is always as a result of a unilateral decision by the relevant authority. In the case of protective custody, this may also derive from such a decision or as a result of an application made by an inmate. The essential purpose of segregation is the protection of other inmates (and sometimes staff), whereas the reason for protective custody is to afford the inmate protection from certain other inmates.
- 6.2 Any inmate the subject of either a segregation direction, or a unilateral decision by the relevant authority in respect of non-association protective custody has the statutory right, after 14 days in such confinement, to seek a review of the decision by lodging an application in writing with the Council.
- 6.3 In hearing and determining such applications the Council is not bound by the rules of evidence. It must notify the inmate of the hearing and allow the inmate to appear, with or without a legal representative. The Council, in deciding whether to confirm, amend or revoke the relevant decision, must take into account the following matters:
  - a. whether the decision was made in accordance with the relevant provisions of the Act;
  - b. whether the decision was reasonable in the circumstances;
  - c. whether the decision was necessary to secure the safety of the inmate or any other person;
  - d. the security of, and the preservation of good order and discipline within the correctional centre; and thus whether,
  - e. the interests of the public are served.
- 6.4 In 2024 there were 72 applications received from Inmates seeking reviews of segregation or protective custody orders. Hearings were held in respect of three (3) of those applications, two (2) were confirmed by the Council and one (1) confirmed with a variation. Two (2) applications were withdrawn by the inmate and 24 directions revoked by the Governor of the correctional centre prior to the hearing. Forty-three (43) applications did not proceed for other reasons.

## Section 7: REPORTS TO THE STATE PAROLE AUTHORITY

- 7.1 The Council is required to submit reports and advice to the State Parole Authority in respect of serious offenders as they become eligible for release on parole advising, in particular, whether or not it is appropriate for the inmate to be considered for release on parole by the Authority [s.197(2)(a) and 135(3)]. In 2024 the Council provided 97 Reports to the State Parole Authority.
- 7.2 During 2024 seventy-two (72) Serious Offenders were released on parole, the subject of Parole Orders made by the State Parole Authority.

## Section 8: REPORTS TO THE COMMONWEALTH ATTORNEY GENERAL

- 8.1 The Council submits reports to the Commonwealth Attorney General in respect of Serious Offenders serving federal sentences, as they become eligible for release on parole. In 2024 the Council provided 16 reports to the Commonwealth Attorney General.
- 8.2 Six (6) serious offenders serving federal sentences were released to parole in 2024.

## Section 9: REPORTS TO THE SUPREME COURT OF NSW

- 9.1 Schedule 1 to the Crimes (Sentencing Procedure) Act 1999 provides, in effect, that in respect of certain Life sentences imposed on serious offenders, such an inmate may apply to the Supreme Court seeking an Order that a non-parole period be set, with the result that at the expiry thereof the inmate becomes eligible to be considered by the State Parole Authority for release on parole. Excluded is any inmate serving a life sentence imposed under Section 19A of the Crimes Act 1900 (N.S.W.), amended in this regard in 1989, which provides for the imposition of sentences for natural Life.
- 9.2 The Council is required to prepare and submit reports to the Supreme Court in respect of such applications: *Crimes (Administration of Sentences) Act 1999*, Section 197(2)(c).
- 9.3 During 2024 the Council did not receive any requests for a report from the Supreme Court in respect of a serious offender applying to the Court for the re-determination of an existing Life sentence.

- 9.4 As at 31 December 2024 there were three (3) relevant inmates whose Life sentences have yet to be re-determined. There are a further eight (8) inmates, subject to non-release recommendations, who are eligible to make such an application after having served 30 years of their sentence.

## Section 10: SERIOUS OFFENDERS ASSESSMENT UNIT (SOAU)

- 10.1 The SOAU conducts comprehensive psychological assessments and case plan reviews for serious offenders to assist in case management planning.
- 10.2 Referrals to the SOAU are made by the Council on a case-by-case basis for assessment or case plan reviews.

## Section 11: THE COUNCIL'S SECRETARIAT

- 11.1 The Secretariat of the Council is accommodated at Newington House within the Silverwater Correctional Complex. The small Secretariat, consisting of the Executive Officer & Registrar and eleven staff, is responsible for carrying out all secretariat and administrative work for the Council to enable it to fulfil its statutory responsibilities.
- 11.2 The Council wishes to place on record its indebtedness to the Executive Officer & Registrar and Secretariat staff and to acknowledge the dedication, hard work and commitment of each of the members thereof.
- 11.3 The contact details for the Council Secretariat are:

## SCHEDULE ONE: PROFILE OF SERIOUS OFFENDERS

- (c) an inmate who is serving a sentence (or one of a series of sentences of imprisonment) where the term of the sentence (or the combined terms of all of the sentences in the series) is such that the inmate will not become eligible for release from custody, including release on parole, until he or she has spent at least 12 years in custody, or
- (d) an inmate who is for the time being required to be managed as a serious offender in accordance with a decision of the sentencing court, the Parole Authority or the Commissioner, or
- (e) an inmate who has been convicted of murder and who is subject to a sentence in respect of the conviction, or
  - (e1) a Commonwealth post sentence terrorism inmate, or
  - (e2) a NSW post sentence inmate, or

### Number of Serious Offenders

As at 31 December 2024 there were 897 serious offenders, representing 12.3% of the Sentenced inmate population (6.9% of the total inmate population).

Figure 1 represents the growth in the number of Serious Offenders spanning 2000 to 2024. The number of Serious Offenders also includes Serious Offenders who have returned to custody for breach of parole. The percentage of serious offenders to both the sentenced and total inmate population has remained relatively constant over the years.

Figure 1: Growth of Serious Offenders

## Types of Serious Offenders
